

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Norm Oyen  
DOCKET NO.: 03-29422.001-C-1 through 03-29422.003-C-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board (hereinafter PTAB) are Norm Oyen, the appellant, by attorney Sonja R. Johnson with the law firm of Much Shelist in Chicago and the Cook County Board of Review.

The subject property consists of three parcels of vacant land totaling 10,900 square foot. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the land as the basis of this appeal.

In support of the equity argument, the appellant submitted assessment data and descriptions of four vacant lots suggested as comparable to the subject. The data in its entirety reflects that these properties are located within the subject's neighborhood. The suggested comparables range in size from 3,125 to 3,150 square feet and have land assessments of \$1.53 per

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET #	PIN	LAND	IMPRVMNT	TOTAL
03-29422.001-C-1	16-01-221-027	\$ 4,169	\$ 0	\$ 4,169
03-29422.002-C-1	16-01-221-028	\$ 8,339	\$ 0	\$ 8,339
03-29422.003-C-1	16-01-221-029	\$ 4,169	\$ 0	\$ 4,169

square foot. Based upon this analysis, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's land assessment was \$87,297, or \$8.01 per square feet of living area. The board also submitted raw sale information for eight properties suggested as comparable that range from \$70.00 to \$194.79 per square foot. No adjustments were made for locations and size. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the evidence and reviewing the testimony, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

Appellants who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill. 2d 1, 544 N.E.2d 762 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. Proof of assessment inequity should include assessment data and documentation establishing the physical, locational, and jurisdictional similarities of the suggested comparables to the subject property. Property Tax Appeal Board Rule 1910.65(b). Mathematical equality in the assessment process is not required. A practical uniformity, rather than an absolute one is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395, 169 N.E.2d 769 (1960). Having considered the evidence presented, the PTAB concludes that the appellant has met this burden and that a reduction is warranted.

The appellant presented assessment data on a total of four equity comparables. The PTAB finds these comparables are similar to the subject. These comparables are vacant lots that range in size from 3,125 to 3,150 square feet and have land assessments of \$1.53 per square foot. In comparison, the subject's improvement assessment of \$8.01 per square foot of living area falls above the range established by these comparables. The PTAB accorded less weight to the remaining comparables due to a lack of assessment information.

As a result of this analysis, the PTAB further finds that the appellant has adequately demonstrated that the subject's improvement was inequitably assessed by clear and convincing evidence and that a reduction is warranted.
